VALUATION & ADVISORY

SERVICE EXCELLENCE FOR OUR CLIENTS IS THE GUIDING PRINCIPLE

At Colliers International we believe that our solid valuation reports can be a strategic asset for investors and owners, provided that our reports address the unique characteristics of the real estate and the current market situation. Colliers understands that there can be no “one size fits all” approach to valuation, and in each and every case our reports are tailored to meet our clients needs and answer the questions which are relevant to their property type.

WE VALUE INDUSTRIAL & LOGISTICS

Colliers international values various properties in Amsterdam Airport Schiphol Area. This property is one of many in a portfolio that was valued for financial statements purposes. The logistic complex is situated in Schiphol South East with direct access to the runway.

The property comprises approximately 11,500 m² lettable floor area and approximately 10,000 m² paved grounds. The complex is in use by an international postal and logistics group.

Colliers International has an experienced team of valuers specialized in the industrial and logistics sector.

WE VALUE RETAIL

This property is a department store in a national monument, situated in the city of Alkmaar. The department store holds approx. 12,000 m², offering all services including a catering department with roof terrace. The shop-in-shop principle is applied by tenant. Colliers International values this property, one out of a large portfolio, on yearly base for internal purposes.

Colliers International provides valuations for a wide range of premises like social real estate, operations-related property, business-parks, water (-fronts) or harbors, airport related objects, etcetera.

WE VALUE OFFICES

Colliers International was asked to value the property on behalf of internal purposes. The building is situated on the South Axes of Amsterdam and comprises approximately 10,000 m² lettable floor area. The subject property is let to a single office tenant and to 3 commercial users on the ground floor.

Colliers International values many office premiss throughout the Netherlands varying from individual objects to complete portfolio's on a quarterly or (bi-) annual basis.

WE VALUE RESIDENTIAL

This recently build residential complex is part of a portfolio that Colliers International values on a quarterly base. The complex comprises approximately 100 apartments and an underground parking garage. The property is located in the Eastern part of Amsterdam.

Colliers International has an experienced team of valuers specialized in residential premises. Annually we value thousands of residential premises on behalf of investors, developers, and housing corporations.
