

Colliers Not-for-Profit Advisory Group

“Colliers is dedicated to helping Not-for-Profit and Charitable Organizations develop mission-sensitive real estate strategies that support your organization's goals.”

Facts about Not-for-Profit Organizations:

- Nearly half of Philadelphia's 50 largest employers are not-for-profit organizations.
- In the last decade, not-for-profit organizations have created one of every four new jobs in Pennsylvania.
- In Pennsylvania, one out of every 10 workers is employed by a not-for-profit organization, while the comparable rate for the United States is one in 14. In Philadelphia alone, one in five workers is employed by a not-for-profit.
- Throughout the United States there are approximately 1.8 million not-for-profit organizations.
- Not-for-Profit organizations account for approximately 8.3 percent of the wages and salaries paid in the United States.
- Three fifths of all nonprofit jobs in the state are in the health services field.
- Over the past eight years, nonprofit employment grew by 25 percent, compared to just 7 percent by the for-profit sector.
- Nonprofit job growth in all regions of Pennsylvania has grown at a rate significantly above that of the for-profit sector.
