Innovative Collaboration

Colliers International Retail Services Group delivers specialized real estate services to help our clients accelerate their business. Service is at the core of our culture and we are committed to providing the best possible experience to our clients by delivering solutions that meet their objectives and drive their success and business forward.

Colliers Retail has an enterprising and innovative spirit that encourages our professionals to think creatively, and never just meet, but always exceed, your expectations. We pride ourselves on offering creative, often out of the box solutions, to your ever changing needs. We encourage and support collaborative relationships at every level of our business, from within the local office to national teaming. We're able to do this through a unique partnership structure that combines the strength and stability of a global platform with local accountability and dexterity.

Our team of professionals has a presence in every major market in North America, and offer a full service line of retail real estate solutions including transaction, management, and financial services.

Our philosophy is truly unique in our industry and distinct from our competitors. Our touch is local, our reach global and most importantly **when you hire one of us, you get all of us.**
