

EMEA I&L RENTS 2020 H1

DISCLAIMER This report gives information based primarily on Colliers International data, which may be helpful in anticipating trends in the property sector. However, no warranty is given as to the accuracy of, and no liability for negligence is accepted in relation to, the forecasts, figures or conclusions contained in this report and they must not be relied on for investment or any other purposes. The outbreak of the Novel Coronavirus (COVID-19), declared by the World Health Organisation as a "Global Pandemic" on the 11th March 2020, has impacted market activity in many sectors, creating an unprecedented set of circumstances on which to base a judgement. This report does not constitute and must not be treated as investment or valuation advice or an offer to buy or sell property. Given the unknown future impact that COVID-19 might have on real estate market supply, demand and pricing variables, we recommend that you recognise that our research and analysis is far more prone to market uncertainty, despite our endeavours to maintain our robust and objective reporting.

DEFINITIONS

PRIME YIELD: The yield an investor is prepared to pay to buy a modern warehouse facility, fully-let to high quality tenants at an open market rental value in a prime location. Lease terms should be commensurate with the market e.g. typically 5yrs +. The size of the building should also be commensurate with the local market.

CITY WAREHOUSE SPACE: The Prime Warehouse Headline Rent represents the top open-market tier of rent that could be expected for a unit of standard size commensurate with demand for units up to 3,000 sq m, of the highest quality and specification (Grade A) in the best location in the market at the survey date. Warehouse Units would typically be 1,000 sq m - 3,000 sq m with up to 15% office space, the balance being general warehousing/logistics/distribution space with at least 6 to 10 metre ceiling heights.

LOGISTICS & DISTRIBUTION SPACE: The Prime Log&Dist Headline Rent represents the top open-market tier of rent that could be expected for a unit of standard size commensurate with demand for units over 10,000 sq m or greater, of the highest quality and specification (Grade A) in the best location in the market at the survey date. Warehouse Units would typically include up to 10% office space, the balance being general warehousing/logistics/distribution space with at least 6 to 12 metre ceiling heights. All loading is dock-height.
