

Colliers International | Minneapolis-St. Paul Acquires Project Management Firm S2 Enterprises
S2 Enterprises, a Minneapolis-based project management firm, will add specialized experience to the strength of existing teams at Colliers MSP

May 8, 2018– Colliers International | Minneapolis-St. Paul is pleased to announce the recent acquisition of S2 Enterprises and its project management team. Founded in 2011 by principal, Amy Staudinger, the Minneapolis-based S2 Enterprises team provides experience in healthcare, corporate, retail and data center project management for regional and national clients. Staudinger and her team will merge existing staff with the Colliers MSP project management teams and will office out of the Colliers MSP headquarters located at 4350 Baker Road, in Minnetonka.

Bringing highly specialized expertise and technical knowledge with them, Amy Staudinger, Rachel Markos and Tansey Cregan along with our established project management professionals will work closely with Colliers MSP’s healthcare, office, industrial, retail teams and other service lines to expand and integrate focused project management offerings for these types of clients both locally and nationally.

Colliers International | Minneapolis-St. Paul is a leading, full-service commercial real estate services firm offering a complete range of real estate services to owners, investors, and occupiers to solve complex problems with integrated commercial property services, including; architecture, brokerage, engineering and property services, investment services, property management and project management. Defined by a spirit of enterprise, Colliers MSP is dedicated to providing clients with exceptional service through the core values of integrity, excellence, collaboration and innovation.

Jean Kane, CEO of Colliers International | Minneapolis-St. Paul says of the partnership with S2 Enterprises, “We are consistently focused on adding highly specialized talent to our core service lines, so we are very excited to be adding S2 Enterprises to the strength of our existing project management team. Amy’s leadership will help us build our project management services and strengthen our reputation as a provider of unmatched expertise in all areas of commercial real estate that we serve.”

Adding the S2 team to Colliers MSP is a strategic effort to expand and build upon existing expertise in the market and demonstrates Colliers MSP’s future focus on technology innovation and advancement. This future focus aligns with Colliers International’s corporate growth plan to double the size of the company by 2020 with focused acquisitions, adding top-tier talent, diversifying the business and investing in technology advancements.

“We were ready to take our business to the next level, but needed more resources and reach,” says Amy Staudinger. “We chose Colliers because we instantly felt the same sense of community and stewardship - both Colliers MSP and S2 are aligned with the same objective of delivering the highest level of detail, collaboration and team integration to support our clients’ goals. We expect little to no disruption to our services with this transition.”
